Harry Potter and the Half Blood Prince: DVD

There's a lot that occurs in this film, I won't reveal all because a, If you have read it you know it and b, I don't want to spoil it for you.

Suffice to say Harry feels pangs of romance lurking within, as does Ron.

However, don't worry Villain Voldermort is on hand to distract them with his increasing power. So Harry is brought up to speed on how to deal with him by dear old Dumbledore (Michael Gambon) and the final battle looms. But wait, Horace Slughorn holds the key to victory, I'm sure you will love it.
