

Nanny McPhee & the Big Bang

Sunday, 25 April 2010

Directed by Kirk Jones

Being an Actor myself I know what it's like when you get a winning formula and want it to go on forever. I guess that is what Emma Thompson feels as she plods through this sequel to her last hit.

McPhee is on hand when a bunch of evacuee children come and stay down on the farm. Set in war time Britain its fun and frolics galore as McPhee intervenes between the locals and the city kids. There are many twists and turns in this endearing tale, which is also written by our Emma. The kids will love it and so will you. Though I have to say Emma's buck tooth is a little bit worrying, oh well she is an eccentric.
